CURRICULUM VITAE

Dr. Andrea Renda is a Senior Research Fellow at the Centre for European Policy Studies (CEPS), where he started and currently manages the CEPS Regulatory Affairs Programme. From January 2006, he is also the Coordinator of the European Network for Better Regulation (www.enbr.org), a Coordination Action on regulatory impact assessment funded by the European Commission under the FP6 programme. In 2010, he also became the founder and Manager of the CEPS Digital Forum (www.digitalforum.eu). Andrea is an ongoing consultant for a number of institutions, including the European Commission, the European Parliament, the OECD and the World Bank. Andrea is the Rapporteur of the CEPS Task Force on Electronic Communications (at its third edition), as well as the CEPS Task Forces on innovation policy, competition policy and critical infrastructure protection. He was, *i.a.*, the lead author of the Pilot Project on Administrative Burdens for DG ENTR; the main author of the Impact Study on private antitrust damages actions for DG Comp in 2007. For the European Commission, he is currently leading studies in the field of financial services and administrative burdens, and participating to studies on electronic communications, spectrum policy, and social impact assessment. From 2011 to 2013, he will be a Jean Monnet Fellow at the European University Institute in Fiesole (Italy), researching in particular on better regulation and telecommunications issues.

Dr. Andrea Renda is Adjunct Professor of “Economic Analysis of Law”, “Antitrust and regulation”, “Policies and policymaking in the EU” and “International Public Governance” at Luiss Guido Carli University, in Rome, and a Senior Research Fellow at Luiss’ Law and Economics Lab. Since 2006, he also lectures on “Advanced Topics in Competition and Regulation” at the Erasmus University of Rotterdam within the European Master in Law and Economics. For 2008 and 2009, he also lectures at the University of Stockholm (“Competition Policy and Intellectual Property”) and at the University of Jordan (“Telecommunications regulation”). He is now responsible for the course “Regulatory Impact Assessment for Business” at the College of Europe in Bruges.

Since May 2008, Andrea coordinates the Luiss Research Network, which helps the faculty members at Luiss Guido Carli in accessing EU-funded projects and launching research projects at international and national level.

Andrea was a consultant to National Economic Research Associates (NERA) between January 2002 and June 2004, after six years of academic activity at LUISS and one year as a visiting professor at the Media Law Center of the New York Law School. He currently sits in the Scientific Committee of the Institute for the Economics of Media, a division of the Turin-based Fondazione Rosselli. He is also responsible for the “Law and Technology” area of the Italian Fondazione COTEC. Since 2004, he is Economic Counsel of the Italian Board of Airlines Representatives (IBAR).

Andrea is member of the Editorial Board of the international peer-reviewed journal “Telecommunication Policy” (Elsevier); a member of the Scientific Board of the International Telecommunications Society (ITS) and of the Scientific Board of EuroCPR. He is a member of the European Association of Law and Economics (EALE), a founding member of the Italian Association of Law and Economics (SIDE-ISLE) and a member of the steering committee of the Italian Intellectual Property Law Association (IP Law). He also sits in the Technical Advisory Board of the Better Regulation for Growth project, a joint initiative of the World Bank, DFID and the Dutch Ministry of foreign affairs.

Dr. Andrea Renda earned a laurea *cum laude* in Economics from LUISS Guido Carli University, Rome, in 1995 (Dissertation awarded a special distinction) and is European Master of Law and Economics (LL.M., with distinction, University of Hamburg, 1996). He holds a Ph.D. in Law and Economics from the Erasmus University of Rotterdam.

Andrea is the author of several publications, including the books “Impact Assessment in the EU. The State of the Art and the Art of the State”, published by CEPS in January 2006; “Last call for Lisbon? Suggestions for the future regulation of e-communications in Europe”, CEPS, June 2006; “Achieving the Internal Market for e-communications in Europe”, May 2008; “Policymaking in the EU: challenges and proposals for reform”, CEPS, June 2009; “A new innovation policy for EU2020”, CEPS, June 2010 (with Massimiliano Granieri); “Critical infrastructure protection in the EU” (CEPS, forthcoming September 2010); “Law and economics in the RIA world” (Intersentia, forthcoming Summer 2011); and “Law and Policy of Innovation in the EU” with Massimiliano Granieri, Springer, May 2011.

SELECTED PROFESSIONAL EXPERIENCE

- **January 1996-December 1996:** Mitarbeiter, University of Hamburg, Faculty of Law, Chair of Economic Analysis of Law (Professor Roger Van Den Bergh).
- **October 1997-June 2002:** Research Fellowship “Amici della Luiss” at Luiss Guido Carli. Main tasks: research in law and economics and comparative law, tutorial for students, preparation of bids for national and EU tenders.
- **October 1997-June 2002:** Assisted Professor Roberto Pardolesi in several Italian antitrust cases, by providing economic analysis and data elaboration. Cases included price fixing cases (oil and fuel), dominance cases (air transport) and concerted practices (mobile telephony).
- **October 1997-June 2001:** yearly Seminar in “Economic Analysis of Law” at Luiss Guido Carli.

- **October 1997-June 2000:** researcher in the project “Diritti di proprietà intellettuale tra incentivi all’innovazione e vincoli alla circolazione dell’informazione” (Intellectual Property Rights between incentives to innovate and constraints to the circulation of information), funded by the Italian Ministry of University, Research and Technology (MURST) and coordinated by Professor Ugo Pagano at the University of Siena.
- **January 2000-June 2002:** researcher in the project “L’impatto della globalizzazione sulla circolazione della proprietà intellettuale nel settore farmaceutico. Il delicato bilanciamento tra incentivi alla ricerca e diritto alla fruizione dei risultati scientifici nei paesi in via di sviluppo” (*The impact of globalization on intellectual property law in the pharmaceutical sector. The delicate balance between incentives to R&D research and the right to access the results of scientific research in developing countries*), funded by the Italian Ministry of University, Research and Technology (MURST) and coordinated by Professor Ugo Pagano at the University of Siena.
- **January 2002:** Assisted a major producer of carbonated beverages during the proceeding started by the Spanish Tribunal de Defensa de la Competencia on an alleged abuse of dominant position through selective discounts and market foreclosure.
- **February 2002:** Assisted a collective rights organisation in considering the advantages and disadvantages of adopting blanket licenses for its pool of members vis à vis CATV operators.
- **February 2002:** Drafted a report study on the methods for estimating the efficiency of regulated utilities and determining the efficiency frontier in regulated sectors (TFP, DEA and other methods), with applications to energy and telecommunications.
- **March 2002:** Assisted a major tobacco producer in an antitrust case on cartel price-fixing for the price of cigarettes before the Italian Competition Authority.
- **April 2002:** Advised a dry dock operator in the Port of Naples during the proceeding started by the Italian Competition Authority for abuse of dominant position in foreclosing access to the dry docks by local ship-repairers.
- **August 2002:** Drafted a report on the antitrust treatment of conglomerate mergers involving consumer goods, both in EU and US.
- **September 2002:** Assisted a major motor vehicle and motorcycle manufacturer in the determination of transfer pricing between its Italian affiliate and the holding.
- **September 2002:** analysis of the recent EC Proposed Directive on the Patentability of Computer-Implemented Inventions. The analysis was presented at a conference organized by the US Patent and Trademark Office together with the US Embassy in Rome and LUISS University Rome on October 3, 2002.
- **October 2002:** A report concerning the economics of two-sided markets, with particular focus on the Italian and European market for credit cards.

- **November 2002:** for a major oil producer in Italy, economic advice on auction design and the emergence of bid rotation as depending on the particular auction mechanism selected by the auctioneer, for the preparation of a defensive strategy before the Italian Competition Authority, which included preparation of an expert testimony before the authority.
- **December 2002:** Assists the two major marketers of Telephone Directories in Italy in a merger proceeding started by the Italian Competition Authority.
- **January 2003:** Assists the Italian major operator in the field of lotteries and gaming in devising a feasible acquisition strategy without raising competitive concerns on the side of the Italian Competition Authority.
- **February 2003:** Assists a large international brewery in the acquisition of one of the largest market players in Italy.
- **March 2003:** Assists the CEO of a leading software firm in preparing a presentation to the OECD Forum 2003 on the relationship between ICT and economic growth and actual prospects for Europe.
- **April 2003:** Drafting of a report on European industrial policy regarding Information Technology, for a leading software producer.
- **April 2003:** Assists a major tobacco producer in filing an appeal to an antitrust decision on cartel price-fixing for the price of cigarettes before the Italian Competition Authority
- **September 2003:** for the incumbent operator in the Italian electricity Sector, analysis of the Italian market for the supply of electricity to eligible customers and assessment of the economic impact of the client's contractual terms in transactions with eligible clients. The report was filed with the Italian antitrust authority during a proceeding for abuse of dominant position.
- **October 2003:** for a major producers of helicopters, economic analysis of the impact of state aids provided by a national government and subject to scrutiny at the European Commission.
- **January 2004:** assisted a major tobacco producer in filing a complaint before the Italian Competition Authority, alleging that the change in the Authority's case between the Statement of Objections and the final decision left the defendant with no chance of putting forward new evidence in its defence.
- **February 2004:** drafted a report on the current debate on independent administrative authorities in Italy, from a legal and economic perspective.
- **April-May 2004:** for an important inter-ministerial task force in Italy, drafted two report on regulatory impact analysis, containing a comparative and a methodological assessment of the Italian procedure currently in force.
- **September 2004-December 2004:** Assists IBAR, the Italian Board of Airlines Representatives, in filing a position paper on the Framework Agreement between the Italian regulator and the operator of the Venice Airport.

- **October 2004-March 2005:** a report for Assobiomedica, the association of medical equipment producers, on the major competitive concerns elicited by the adoption of the “general contractor” model in public procurement of medical equipment, as well as on the legal and economic consequences of the centralization of procurement in the health sector.
- **October 2004-September 2005:** drafts the Annual Report of the IEM (Institute for the Economics of Media) for the Turin-based Fondazione Rosselli. The Report was then presented in Turin during the Summit on the Italian Media Industry, in September 2005.
- **January-February 2005** – three lectures at Vodafone Italy on Regulatory Impact Analysis in the telecom sector.
- **January 2005** – lecturer in a EU project on training national judges on the implementation of community competition law. The consortium that was awarded funding for this project includes the Law and Economics Lab at Luiss Guido Carli, the Italian Competition Authority and the Consiglio Superiore della Magistratura.
- **April 2005-present** – consultant for the Italian Board of Airlines Representatives. In particular, consults on framework agreements between the Italian regulator (ENAC) and airport operators on the matter of regulating groundhandling charges.
- **April 2005 – September 2005** - for NERA, project on intermodal competition for an important operator in the Italian railway sector.
- **September 2005-June 2006** – Rapporteur of the CEPS Task Force on electronic communications.
- **December 2005-February 2006** - for NERA, project on fixed-to-mobile termination rates for the main mobile operator in Algeria.
- **January 2006-December 2008** – Coordinator of the European Network for Better Regulation (ENBR), project funded by the European Commission under the Sixth Framework Programme (FP6).
- **January 2006-December 2006** – Lead Consultant (for CEPS) for the provision of expertise to the European Parliament’s Committee on Internal Market and Consumer Protection (Framework Agreement for 2006, renewable).
- **January 2006-April 2006:** drafts the Annual Report of the IEM (Institute for the Economics of Media) for the Turin-based Fondazione Rosselli. The Report will be presented in Turin during the Summit on the Italian Media Industry, to be held in October 2006.
- **January 2006** – Expert report to the European Parliament’s Committee on Internal Market and Consumer Protection on “The future of European standardization” (with Lorna Schrefler).
- **January 2006** – Expert report to the European Parliament’s Committee on Internal Market and Consumer Protection on “Public-Private Partnerships: Models and Trends in the European Union” (with Lorna Schrefler).

- **January 2006** – Expert report to the European Parliament’s Committee on Internal Market and Consumer Protection on “Public-Private Partnerships: National Experiences in the European Union” (with Lorna Schrefler).
- **February 2006-June 2006:** external consultant to the Italian Fondazione Einaudi for a project on prospective business models for sustainable peer-to-peer file sharing in the Italian media industry, co-sponsored by the Italian Ministry of Technology and Innovation.
- **April 2006-June 2006** – Expert report to the European Parliament’s Committee on Internal Market and Consumer Protection on “Joint and several liability of general contractors” (with Lorna Schrefler).
- **April 2006-July 2006** – Expert report to the European Parliament’s Committee on Internal Market and Consumer Protection on “The Public Procurement Directives: transposition and choices in the European Union” (with Lorna Schrefler). The report was presented to the IMCO Committee in July 2006.
- **May 2006-July 2006** – for the European Parliament’s IMCO Committee, Impact Assessment of selected amendments to the European Commission’s proposed Directive on the placing on the market of pyrotechnic articles (COM(2005) 457 final). (with Lorna Schrefler).
- **June 2006–October 2006** - for the European Commission’s DG Enterprise, pilot project (in collaboration with WiFo) on the development of a EU methodology for measuring administrative burdens, based on the national experiences of countries that have completed the national measurement (The Netherlands, Denmark, UK and Czech Republic).
- **July 2006–August 2006** – for the European Parliament’s budget committee, ex post evaluation of the MAP programme 2001 and suggestions on the future CIP programme in support of SMEs.
- **July 2006-September 2006** - Expert report to the European Parliament’s Committee on Internal Market and Consumer Protection on “Special regime for Public-Private Partnerships with limited local field of activity” (with Lorna Schrefler).
- **July 2006-September 2006** - Expert report to the European Parliament’s Committee on Internal Market and Consumer Protection on the “Applicability of internal market rules for inter-communal co-operations” (with Lorna Schrefler).
- **July 2006-January 2007** – for a leading Italian Telco, Expert Report on bundling and tying in new communication platforms.
- **July 2006-September 2006** - Expert report to the European Parliament’s Committee on Internal Market and Consumer Protection on the “Implementation of the EU Directive on the control and possession of weapons in selected member states” (with George Dura).
- **September 2006** – For NERA, expert report to the main South African airport operator on the feasibility of introducing Regulatory Impact Assessment in South Africa.

- **December 2006** – Co-authors an expert report the European Parliament’s ITRE Committee on the proposed regulation on international roaming.
- **December 2006-August 2007** – Provision of external expertise to the European Commission DG Enterprise, as a follow-up of the pilot project on the upcoming Action Programme on administrative burden reduction in Europe.
- **January 2007-December 2007** – Lead Consultant (for CEPS) for the provision of expertise to the European Parliament’s JURI Committee (Framework Contract for 2007, renewable).
- **February 2007-May 2007** - Two expert reports to the European Parliament’s JURI Committee on the “Compensation of Victims of Cross-Border Road Traffic Accidents in the EU” (with Lorna Schrefler).
- **January 2007-June 2007** – Expert report on Telecommunications in Turkey, within a grant obtained by EDAM and CEPS under the call DG ELARG/MEDTQ/12-02.
- **January 2007-May 2007** – Report on the implementation of competition policy in the MEDA countries, for the European Institute of Public Administration. Project funded by the Euromed programme.
- **April 2007-June 2007** – Co-author of a CEPS study on Pharmacovigilance in Europe, with focus on asthma management.
- **April 2007-December 2007** – Lead Author of a study for the European Commission, DG Competition, to support the upcoming White Paper on Antitrust Damages Actions.
- **May 2007-August 2007** – Co-author on a study on pharmacovigilance and asthma monitoring in Europe, to be presented at the European Parliament on November 20.
- **July 2007-October 2007** – Co-author on a study on spectrum policy in Europe, for the European Parliament’s ITRE Committee (project leader: Prof. Erik Bohlin).
- **October 2007-January 2008** – Leads a study on the value for money of investments in European research in the fields of transport and energy, for the European Parliament, DG Budget.
- **October 2007-January 2008** – Lead author of a study on administrative burdens created by large exposure obligations in selected EU member states, for the European Commission, DG Enterprise (with Michael Böheim and Sarah Cheliout).
- **February 2008-May 2009** – Leader of the CEPS project on the Future of EU policymaking, funded by the Confederation of Swedish Enterprise.
- **May 2008-October 2008** – consultancy to the World Bank (FIAS) on the creation of a world-wide database on Regulatory Impact Assessment.
